## RIOTING KEEPS STRIKEBREAKERS TERRORIZED; MANY ARE BEATEN

### Cars Fired Upon From Roof Tops

### STRIKING TRACTION WORKERS BOMBARD ELE- VATED TRAINS WITH BRICKS; TWO KILLED AS CAR IS WRECKED.

NEW YORK, Sept. 12.—The first serious accident of the street railway strike in this city occurred early today when a trolley car of the Union Railway Company in the Bronx, operated by a "green" motorman, got beyond control on a steep grade and jumped the track at a curve and crashed into two jitney buses, killing two persons and severely injuring 13 others.

Four of the injured may die. The car crew was arrested pending investigation.

After a night of intermittent rioting, motormen on the Sixth and Ninth avenue elevated roads reported to the police that they had been fired upon by strikers from roof tops.

Third avenue elevated trains were repeatedly bombarded with bricks and stones from buildings. One passenger, a woman, was struck on the head and seriously injured. Five arrests were made.

The congestion on the subway and elevated roads today was even more pronounced than yesterday, due to the fact that there was little or no service on the surface lines of Manhattan and The Bronx. Not a car wheel moved in the Westchester cities of Yonkers, Mount Vernon and New Rochelle.

Violence continued as the day went on. Strikers and their sympathizers halted surface cars and set upon the crews of strikebreakers when the latter refused to desert their posts.

Nearly 100 strikebreakers, most of them from Chicago and Boston, appealed to Mayor Mitchell and the public service commission, claiming that none of the promises made when they were engaged had been kept and that they were virtually prisoners in car barns.

They alleged that armed guards prevented them from leaving and that wages due them were not forthcoming. The mayor promised them police protection in their efforts to collect wages.

Representatives of the strikers announced they would not comment on the plans of the mayor and public.

## TRAIN ROBBERS FACE JURY IN W. VIRGINIA

MARTINSBURG, W. Va., Sept. 12.—The trials of Jeff and Richard Harrison of San Antonio, Texas, and Eugene Dies of Hot Springs, Arkansas, on a charge of having held up and robbed a passenger train on the Baltimore & Ohio railroad near Central station, W. Va., last October of nearly \$100,000 in treasury notes, opened in the United States District court here today.

Among the witnesses will be a number of persons from Texas.

The Harrison brothers and Dies were arrested several months after the robbery, and, according to Federal officers, the latter confessed his part in the holdup.

## GOV. HUNT WINS RE-NOMINATION

PHOENIX, Sept. 13.—At 1 o'clock this morning with meager returns only from the larger counties it is evident that Hunt has been renominated. It is impossible to estimate his majority. Olney will carry this county by less than 1,000. Other Democrats probably nominated are Ross for the Supreme court, Jones for attorney general, Osborn for secretary of State, Bolin for mine inspector, Case for superintendent of public instruction, Betts for corporation commissioner, and Howe for tax commissioner. Boyce for auditor was without contest.

Kibbey has been nominated by the Republicans for U. S. senator and probably Eads for representative in congress.

Figures regarding county and legislative tickets in this county are unobtainable but the results will be close. It looks now as if the county Democratic incumbents might be defeated almost all along the line as the result of the "Rescue Club" movement. The deciding figures will not be made known until late this morning.

**Early Returns.**  
PHOENIX, Sept. 12.—Early returns from scattered precincts show that Governor Hunt is leading Geo. A. Olney for the Democratic nomination for governor. About 50 per cent of the registered vote was cast. It is indicated that Hunt carried Yuma county three to one and Mohave county by a safe margin. Hunt is leading in Tucson.

Hunt's majority in the following counties, it is estimated on partial returns, will be as follows:

Mohave ..... 500  
Yuma ..... 300  
Pinal ..... 150  
Santa Cruz ..... 150  
Cochise ..... 800

**Yuma For Hunt.**  
YUMA, Sept. 12.—The vote is light and the count slow. At 11 o'clock four completed precincts and five Yuma precincts, partial, show that Hunt is leading Olney by two to one. Hunt's majority will reach 500 in the county. Osborn is leading Sims, Jones and Curley are neck and neck. Boehringer for superintendent will have 750 majority. Duffy is leading Ross by a comfortable majority. It

will be late tomorrow before the counting of the vote is completed. No reports have been received from 15 precincts in the northern part of the county.

**Hunt Leads in Gila.**  
GLOBE, Sept. 12.—The vote as far as counted indicates the re-nomination of Hunt by a small majority. Struckmeyer is in the lead for attorney general. A small vote was cast.

**Kibbey Beats Stilwell.**  
PHOENIX, Sept. 12.—Seventeen precincts complete in Maricopa as to the head of the ticket give Olney 1,112 and Hunt 738. It is stated that Olney's majority in the county will be 1,000. Jones for attorney general leads in the county. Kibbey is running far ahead of Stilwell both here

and in other parts of the State heard from. Betts leads Miller for corporation commissioner.

**Worsley Badly Beaten.**  
PHOENIX, Sept. 12.—Hayden is running ten to one over Worsley. Figures in ten precincts complete as to the principal contests are: for governor—Hunt 446, Olney 251; for Supreme judge—Ross 525, Duffy 115; for secretary of State—Osborn 394, Sims 233; for attorney general—Jones 323, Johnson 126, Struckmeyer 106, Curley 63; for superintendent of instruction—Case 274, Boehringer 188, Riggins 155; for mine inspector—Bolin 355, Grant 232; for corporation commissioner—Betts 355, Miller 278; for tax commissioner—Howe 367, Murphy 283.

## COUNTY OFFICE CONTESTS CLOSE

With only partial returns from city and county precincts available early this morning, it was practically impossible for even the candidates themselves in many cases to tell what the final result of the primary election would be. The closest race is between Mrs. Edith Ruffner and E. A. McSwiggan for the nomination of county recorder on the Democratic ticket. At the latest reports Mrs. Ruffner was leading by a slight margin.

Although Colonel Fred Bowler, candidate for the nomination of sheriff on the Democratic ticket, polled a vote that surprised even his most ardent supporters, it appears that

Sheriff Joe Young will get the nomination. In the supervisorial contest Joe Drew is running strong on the Democratic ticket. He is closely followed by Henry Suder and C. C. Stuke. Bert Tilton is believed to be out of the race.

P. J. Keohane and Charles K. Scholey, both Democrats, are running practically neck and neck for the nomination of county treasurer.

C. H. McLane is assured the nomination for justice of the peace of Prescott precinct.

Up to 2 o'clock this morning but 15 of the 60 precincts in the county had reported election returns. In the city precincts the Democratic ballots

were counted first, making it impossible to forecast with any degree of accuracy what the results on the Republican ticket would be. From the returns of the 15 precincts, however, A. L. (Bert) Lee is leading B. W. Mowday for the nomination of sheriff. It is not expected that the final returns will be complete until tonight or tomorrow, but the reports from the various precincts sent in today will probably make it possible to pick the winners.

The vote throughout the city and county was light. In the city precincts the greatest number of votes was polled late in the afternoon. The large number of candidates hindered

election officials from making any but the slowest progress in counting the ballots.

Following are the returns from 14 precincts complete and partial returns from three Prescott precincts, the Northwest precinct being complete:

**DEMOCRATIC**  
**Presidential Electors.**  
M. J. Dougherty ..... 518  
Q. R. Gardner ..... 365  
Harry E. Pickett ..... 344  
Homer R. Wood ..... 651  
Lamar Cobb ..... 483  
**United States Senator.**  
Henry F. Ashurst ..... 889  
**Congressman**  
Carl Hayden ..... 698

A. A. Worsley ..... 236  
**Judge of the Supreme Court.**  
Frank J. Duffy ..... 228  
Henry D. Ross ..... 687  
**Governor.**  
Geo. W. P. Hunt ..... 698  
Geo. A. Olney ..... 362  
**Secretary of State.**  
Sidney P. Osborn ..... 624  
Mit Simms ..... 310  
**State Auditor.**  
Jesse L. Boyce ..... 656  
**State Treasurer.**  
David F. Johnson ..... 628

### Baseball An Aid To Bomb Throwing

PORT ROYAL, S. C., Sept. 12.—Americans are lately the best bomb and grenade throwers in the world and are capable of waging wonderful trench warfare in case of hostilities, say United States Marine Corps officers in charge of recruit training at this place.

"The average American youth early learns to throw a baseball with speed and accuracy and it is because of that we, as a nation, are especially fitted to wage the modern war of the trenches. Baseball is encouraged at all our stations and the skill displayed by marines—even untrained recruits—in the bomb and grenade throwing practice is really remarkable," said Drill Sergeant Moore today.

The morning session of the commission was devoted to a review of the political events which brought the de facto government into power. Wilson laid stress on the protection of American lives and property in Mexico. He said he hoped the commission would be successful in finding a solution of the problem to insure the security of Americans, not only along the border but in any part of Mexico.

## DISAGREE OVER THE CAUSE OF DISASTER

### DIFFERENT REASONS ARE GIVEN BY SURVIVORS FOR THE COLLAPSE OF BIG BRIDGE.

QUEBEC, Sept. 12.—The St. Lawrence Bridge Company and the Quebec bridge commission are conducting a joint investigation into the collapse of the central span of the Quebec cantilever bridge over the St. Lawrence river, where it was being hoisted into position.

The death list remains at 11. Accounts of survivors of the disaster and spectators are at hopeless variance, some holding that the span itself buckled first, and others that the hoisting supports did not work uniformly, thereby throwing too much strain on the supports.

Engineers in charge of the construction work said today that as soon as the cause of the accident is ascertained, the work of either reconstructing a new span or raising the collapsed one would be undertaken. It was estimated the work will cost \$1,000,000.

By Associated Press.  
LONDON, Sept. 12.—The French have resumed their offensive north of Somme, smashed the German lines, and captured trenches, and 1,500 prisoners. New attacks on the front from Comblès to the river were so fierce that the German resistance was overcome in 30 minutes. The French gained 3 1/2 miles on the first line of trenches. French seized additional German trenches along the Berthung-Perronne road, blocking German transport movements from the north to Perronne. Paris reports that the French captured two miles of Bulgarian trenches west of the Vardar river.

On the Struma front the British, aided by the French, made additional gains east of the river in the Lake Takinos region. The Teutonic Allies are declared to have suffered heavy casualties in the latter engagement. Unofficially it is reported that the Bulgarians have evacuated the Kavala forts on the Aegean sea.
